

Title: The house full of Fairies

I saw a house that looked cool, I decided to go in. When I entered I saw a few fairies training many animals. The animals included a pony, a calf, a penguin and a dragon. The fairies gave them food when they were good. Amelia, the flying fairy, ~~was~~ was training a calf in a tree. She asked the calf to climb up the tree and do cartwheels. The calf could, so she gave the calf some treats.

In the bedroom, I saw Elizabeth, the magic fairy, laying on the ceiling with Puff the dragon. They were doing tricks on the high ceiling. The room was beautiful. When Elizabeth saw me, she taught me how to do some tricks on the ceiling.

Next, I ate lunch in the house with the fairies. The food was delicious. I ate some fruit with meat.

After that, we went to the snow forest, we saw a unicorn with Snow the fairy. They were playing

a game called champion of meatballs . We played together . We built a snowman and hid inside . We were cold .

After a few weeks , the house had some more ~~few~~ fairies and some newly born animals were being trained by Melon the stronger animals fairy . Little lamb , Coddier was missing , Cherrie the fairy detective found it . We need to train more animals to ~~the~~ teach them many tricks .
